

CMP COVID-RELATED CE

(CE completed March 1, 2020 – December 31, 2022)

COVID-RELATED CONTINUING EDUCATION (CE)

The ASCP Board of Certification (BOC) recognizes the vital work of laboratory professionals in response to the COVID-19 pandemic and the critical professional development it necessitated. Because of concerns about obtaining continuing education during the pandemic due to increased workloads and/or limited availability of in-person training or conferences, the BOC is offering a time-limited opportunity to use COVID-related activities performed within the normal scope of work or outside normal job duties for up to 12 CMP points/CEUs towards recertification. These points should be self-entered as a single CMP activity and allocated under “related areas of interest” only on the online declaration form (please see criteria and instructions below).

CRITERIA TO CLAIM CREDITS FOR THE CMP

- To be accepted, COVID-Related continuing education (CE) activities must have been completed between **March 1, 2020 and December 31, 2022** (and be within your three-year CMP cycle).
- Activities must be work-related and new, additional, or out-of-specialty skills or activities.
- Your Manager/Supervisor must review, verify, and sign-off on the completed activities indicated on the following CMP COVID-related CE Claim Form.
- The maximum number of CMP points accepted on this Claim Form = 12.
- These CMP points may be used for related areas of interest only.
- The following CMP COVID-related CE Claim Form may be used one-time only and for a single CMP cycle.

INSTRUCTIONS FOR COMPLETING FORM & CLAIMING CREDITS
