

ASCP BOC SCHOLARSHIP FUNDING FOR RESOURCE LIMITED COUNTRIES BOC CREDENTIAL MAINTENANCE PROGRAM (CMP)

Protection of the safety and welfare of the public is a global concern. As such, one initiative of the ASCP is to increase accessibility of the **BOC Credential Maintenance Program (CMP)** for international recertification to medical laboratory professionals from all regions of the globe, particularly those in resource-limited areas.

The selection criteria for scholarship funding are determined by the ASCP BOC International Certification Committee. The following aspects are taken into account when deciding which countries are eligible for reduced international certification application fees:

- Wages of practicing Medical Technologists
- Gross Domestic Product (PPP)
- Market demand

The Scholarship Program of ASCP will empower those in need to maintain international ASCPⁱ credentials and improve clinical laboratory practice worldwide.

Applicants who both (a) obtained medical laboratory education in, AND (b) currently reside in the following nations will receive the following discounted application fee pricing for the **BOC Credential Maintenance Program (CMP)** for the recertification of international ASCP certification:

- CMP Application fee \$35
- CMP reinstatement fee \$25
(The reinstatement fee is in addition to the application fee for expired certifications.)

(Applicants who received their education in one of the countries listed below and who have immigrated to a country which is not on this list must pay the full CMP application fees.)

Afghanistan	Burundi	Ethiopia
Albania	Cambodia	Fiji
